[**PART III Animating with Flash - Indiana University Bloomington**](#)

Animating with Flash While Flash MX 2004 and Flash MX Professional 2004 have evolved into full-fledged interactive design tools suitable for creating a whole range of groovy media, Flash is, at its heart, still an animation program. Flash's core feature, vector-based graphics, really shines when it comes to animation. As a result, it behooves you to become intimately familiar with all the
