[Blasting in Mining - New Trends](#)

Blasting practices in mines have undergone many changes in the recent past and continue to be honed and reconfigured to meet the demands of todays mining needs. This volume compiles papers of the workshop Blasting in Mines New Trends, hosted by the Fragb

[Blasting in Mining - New Trends | Taylor & Francis Group](#)

Blasting in Mines New Trends will be of particular interest to mining and blasting engineers.

[Stability of undercut space in fragment orebody based on ...](#)

Undercut is one kind of important spaces to place the mining blocks in the mass underground mining. This structure is also used as a compensation space during blasting.

[Blasting in Mining - New Trends - Download Free eBooks](#)

The 17 papers provide a mix which highlight the evolving trends in blasting in mines. These range from special techniques of cast blasting, applications of seed wave modelling for improved fragmentation, to design of mass blasts and controlled blasting for stability of pit-walls. Blasting in Mines New Trends will be of particular interest to mining and blasting engineers.
