She shows us in Born Translated how important the role of translation is in contemporary Anglophone literature and, at the same time, how it complicates that very notion. The Year's Work in Critical and Cultural Theory Born Translated offers a fresh approach to contemporary fiction. Among the first to offer a convincing explanation of how national traditions morph into the world novel, Walkowitz succeeds in showing brilliantly, to my mind how novels by J. M. Coetzee, Kazuo Ishiguro

Rebecca Walkowitz's recent monograph Born Translated: The Contemporary Novel in an Age of World Literature is a powerful voice against this reductive understanding of contemporary fiction. She subverts the critique of globally directed works that are produced for foreign consumption by focusing on the category of translation, and offering an illuminating account of works to which

Her five chapters, each truly novel in terms of revising extant scholarship, weave a double helix: (1) world literature and its theory, presently understood, as a limit to heterogeneity; and (2) the avatars of belonging, circulation, and location of culture, readership, and reading.

The book understands that contemporary literature begins at once in many places, engaging in a new type of social embeddedness and political solidarity. It recasts literary history as a series of convergences and departures and, by elevating the status of "born-translated" works, redefines common conceptions of author, reader, and nation.

Born-translated novels include passages that appear to be  
written in different tongues, narrators who speak to foreign  
audiences, and other visual and formal techniques that  
treat translation as a medium rather than as an  
afterthought. These strategies challenge the global  
dominance of English, complicate "native" readership, and  
protect creative works against misinterpretation as they
