Simple Business Plan Template for Entrepreneurs

For a one-person, home-based consulting business the operating plan will be short and simple, but for a business such as a restaurant or a manufacturer that requires custom facilities, supply chains, specialized equipment, and multiple employees, the operating plan needs to be very detailed.

The Business Plan and Executive Summary

A business plan enables you to demonstrate to stakeholders, including founders and investors, that there is potential for considerable growth in a large market. It should illustrate that your company is capable of achieving significant market power with a sustainable and differentiated product or service offering. The business plan also demonstrates that the opportunity is a good investment.
