Clinical Work with Traumatized Young Children - guilford.com

Work with young children exposed to trauma is crucial for many reasons. The Adverse Childhood Experiences Study (Dube et al., 2003) has shown clearly that childhood adversity is cumulative, with increases in mental health symptoms as a child develops related to the amount of exposure to childhood adversities. Adversities may begin with family dysfunction, such as abuse and neglect, mental **Clinical work with traumatized young children (Book, 2011 ...**
