2 within an interdisciplinary Disability Studies framework, but, by grounding CDT within the critical theory tradition, I adopt and incorporate particular philosophical approaches which

[Critical Theory and Disability: A Phenomenological ...](#)

Critical Theory and Disability explores social and ontological issues encountered by present-day disabled people, applying ideas from disability studies and phenomenology. It focuses on disabling contexts in order to highlight and criticize the ontological assumptions of contemporary society, particularly those related to the meaning of human being. In empirical terms, the book explores

[Towards a Critical Theory of Disability in Social Work ...](#)

A critical theory of disability can be liberating for both disabled and able-bodied people, since the theory of disability is also the theory of the oppression of the body by the society, political economy, and culture (Wendell, 1997).

[The Theory of Critical Disability Theory](#)

Critical disability theory (CDT) is a framework for the analysis of disability which centres disability and challenges the ableist assumptions which shape society. CDT is derived from the critical social theory first outlined by Max Horkheimer which has today become a diverse family of critical

The goal of critical disability theory is to challenge these as- sumptions and presumptions so that persons with disabilities can more fully participate in contemporary society.

[Critical Disability Theory: Essays in Philosophy, Politics ...](#)

Critical Disability Theory inquires into the possibilities and parameters of a critical theory of disability. Its essays argue that accommodating equality for the disabled is not fundamentally a question of medicine or health, nor is it just an issue of sensitivity or compassion. Rather, it is a question of politics, of power and powerlessness.

Conventional understandings of disability are

[Critical theory - Wikipedia](#)

Critical theory is a school of thought that stresses the reflective assessment and critique of society and culture by applying knowledge from the social sciences and the humanities.

[Critical Disability Theory | SpringerLink](#)

Critical disability theory moves away from the individual pathology of disability (based on the biomedical model), and beyond liberalism and a social model of disability, toward a human rights approach that argues for equal access to all aspects of social life including transportation, housing,

[Critical Theory - Christian Fuchs](#)

Critical theory feels associated with actual and potential social struggles of exploited and oppressed groups. It maintains a stress on the importance of a better world.
