This publication contains statistics on fisheries from 2005 to 2012. Data provided concern fishing fleet capacity, employment in fisheries, fish landings, aquaculture production, recreational fisheries, government financial transfers, and imports and exports of fish.

OECD Review of Fisheries : Country Statistics 2013. (eBook ...

Fisheries (capture fisheries and aquaculture) supply the world each year with millions of tonnes of fish (including, notably, fish, molluscs and crustaceans).

OECD Review of Fisheries: Policies and Summary Statistics ...

The OECD Review of Fisheries provides information on developments in policies and activities in the fishing and aquaculture sectors of OECD countries and participating economies, mainly for the period 2015-16. This year's edition includes 35 countries and economies, comprising 28 OECD countries as well as a regional chapter covering **Fisheries - Aquaculture production - OECD Data**

Aquaculture production is defined as the cultivated fish and crustaceans taken from marine and inland waters and sea tanks. Aquaculture is seen as playing a key role in many emerging economies, by virtue of its potential to contribute to increased food production while helping reduce pressure on fish resources.
