[Clinical review: Bacteremia caused by anaerobic bacteria ...](#)

Infections caused by anaerobic bacteria can occur in children, and may be serious and life-threatening. The recent increased recovery of these organisms from children has led to greater appreciation of the role anaerobes play in pediatric infections at all body sites, including the bacteremia

[Anaerobic Infections | 5-Minute Pediatric Consult](#)

Anaerobic Infections is a topic covered in the 5-Minute Pediatric Consult. To view the entire topic, please sign in or purchase a subscription - Pediatrics Central is an all-in-one application that puts valuable medical information, via your mobile device or the web, in the hands of clinicians treating infants, children, and adolescents.

[Anaerobic Infections: Neonatal infections: conjunctivitis ...](#)

Although anaerobic bacteria cause a small number of these infections, the conditions predisposing to anaerobic infections in newborns are similar to those associated with aerobic micro-organisms. Furthermore, the true incidence of anaerobic infections may be underestimated because techniques for the recovery and isolation of anaerobic
