Stepped Care | Here to Help

The concept of collaborative or shared care has evolved to include the idea of stepped care, i.e., that the level of intensity of care should be matched to the complexity of the condition. Depending on complexity, and on other factors, the most appropriate (and cost-effective) level of care may range from brief, non-intensive interventions that can be initiated by the family physician, to

Stepped Care Approach - Centre for Innovation in Campus ...

What is a stepped care approach? Stepped Care is a system of delivering and monitoring mental health treatment so that the most effective, yet least resource intensive treatment, is delivered first, only stepping up to intensive / specialist services as required and depending on the level of patient distress or need.

A stepped approach can help to ease access to mental ...

University Affairs sat down with Dr. Cornish to find out more about the Stepped Care model and why universities should consider it. University Affairs: You mentioned that there seems to be a view in the media that we are in the midst of a mental health crisis, but you said it is actually more of a crisis of access.
