## [Endangered Animals: Save Before It's Late | StanStupefy](#)

Endangered Animals Nature has bestowed many gifts to humanity and its surroundings. And one of the many is its wonderful animal kingdom. Sadly, from whales to polar bears, these wonderful species are verge to disappear from the earth due to human intervention.

### [endangered species by Tracy Liu on Prezi](#)

climate: It is rainy and cool throughout the year. They live in bamboo-thicket understories, microhabitats with fallen tree logs & tree stumps. They thrive in comfortable temperatures of mid-30 F. Snow Leopards, Clouded Leopards, owls, & hawks prey on Red Pandas. The pandas eat birds, insects

### [Redfish: consultations on listing under the Species at ...](#)

The Species at Risk Act acknowledges that all Canadians have a role to play in preventing the disappearance of wildlife species. Before deciding whether any of these Redfish populations will be added to the List of Wildlife Species at Risk, we would like your opinion, comments and suggestions regarding the possible ecological, cultural and
