This is a practical guide that's a lot of fun to read. I read it cover-to-cover within a week. The focus is mostly on bunch table grapes and wine grapes, but there is some information on muscadines and grapes for cooking, juice, and raisins.

[The Grape Grower: A Guide to Organic Viticulture, Book by ...](#)

Grapes are the most popular and widely grown fruit in the world. From the tropics to Alaska, grapes will grow successfully in almost every climate. Whether you raise them for fresh eating, or for

[The Grape Grower: A Guide to Organic Viticulture ...](#)

Organic growers have a harder time warding off insects, diseases, weeds, and mammals effectively. Describes the theory as well as the integrated pest management techniques, making the reader a better all-around viticulturist. In addition, chapters describe many grape species and cultivars, propagating techniques, grafting methods, and grapevine physiology. Recommended for both organic and
