Microsoft Touch Develop - create apps everywhere, on all ...

Touch Develop and the BBC micro:bit The Touch Develop team is proud to be part of the BBC micro:bit project. The micro:bit is a small wearable and programmable mbed-based device that visibly features a 5x5 LED display, accelerometer, compass, buttons, I/O pins, Micro USB plug, Bluetooth Low Energy antenna, ARM Cortex-M0 processor, and battery plug.

Touch Develop

Supported Browsers. Microsoft Touch Develop has been designed for mobile devices with touchscreens. It can also be used with keyboard and mouse. Touch Develop works in the most recent versions of various browsers:

touchdevelop tutorial

This document is a step-by-step walkthrough of the in-app touchdevelop tutorial. This tutorial assumes little or no prior programming experience. objectives This tutorial shows you how to write a script that plays a random song when you shake the phone. This tutorial will lead you through the various screens of the app and introduce concepts associated to touchdevelop. At the end of this touchdevelop tutorial

This document is a step-by-step walkthrough of the in-app touchdevelop tutorial. This tutorial assumes little or no prior programming experience. objectives This tutorial shows you how to write a script that plays a random song when you shake the phone. This tutorial will lead you through the various screens of the app and introduce concepts associated to touchdevelop. At the end of this For your convenience Apress has placed some of the front

TouchDevelop was created with a goal to ignore the legacy of programming languages optimized for linear text input via a keyboard, often having a verbosity that assumes big screens.

Touch Develop - book

TouchDevelop - Programming on the Go is a useful reference for those looking to get started in Touch Develop. Touch Develop has since gone open-source and has had many updates since this book was originally published, so some features and functions may differ in the current version than what was written in the book at that time.
