Celtic mythology: Sprite. Edit. History Tree sprites are responsible for helping trees to shake off the Winter's snow, budding leaves, bearing fruit, which they tend to

snack on, turning the leaves in the autumn, and plucking the leaves away once they've lost their radiance. They go deep into the trees in the Winter and sing to the roots to keep the trees company during the long lonely

Mythology & Folklore index | Trees for Life

Mythology & folklore The ancient Caledonian Forest is shrouded in mystery and Celtic legends abound about many of its species. Click on the links below to learn about the folklore and human uses of some of these.

Sprite (folklore) - Wikipedia

A sprite is a supernatural entity. They are often depicted as fairy-like creatures or as an ethereal entity. The word "sprite" is derived from the Latin "spiritus", via the French "esprit". Variations on the term include "spright" and the Celtic "spriggan". The term is chiefly used in regard to elves and fairies in European folklore, and in modern English is rarely used in reference to spirits. There are examples of sprites and similar entities in literature, one of which is the air spirit Ariel.

Celtic Faeries - Timeless Myths

Origin of the Faeries : Fairy comes from the Old French word faerie. The word has been overused to describe a supernatural being. There is a great deal of difference in classifying a being as a fairy from the medieval literature and those from modern literature, especially those belonging to the Celtic tradition.

Mythology: Sprites The 57th Snowflake

Sprites may be related to the Celtic spriggan, which is small and ugly but can inflate whenever it wants to frighten someone. Spriggans, far from being shy, are quite dangerous and have been known to kidnap babies and leave one of their own in their place.

Oak | Trees for Life

In the UK, oak provides a habitat for more organisms, and especially insects, than any other tree. Because of its large size and longevity, it plays a unique role in forest ecosystems and many species have adapted to live with it.
