Natalya finds that there is love beyond deceit and lies. Her destiny is shaped over the first weekend they spend together. She hadn't planned to, but fell in love with him. The sex was beyond her wildest dreams resulting in multiple orgasms, the stuff you only fantasize about. But for her it was real and she wasn't prepared to let it go. This erotic romance love story is an emotional roller.

[Conquest \(Conquest, #1\) by S.J. Frost - Goodreads](#)

Conquest is an amazing book, and it has great characters. Its a very sweet story and might not be for everyone. I know some of the things in this book are usually no no's for me, and that was interesting for me because I did not hate them in here.

[**This Time Around \(Road to Blissville, #4\) by Aimee Nicole ...**](#)

This is the fourth book in author Aimee Nicole Walker's Road to Blissville series, but my first book to read in this series so I'm going to say upfront that while I enjoyed this book I didn't fall in love with it and that was because I felt I was missing some critical pieces of the puzzle.

[**Collateral Damage \(Silent Warrior, #1\) by Jennifer St. Giles**](#)

The cover - As bad as this is to admit, I totally bought this book based on the cover ("hangs head in shame"). I really dig this cover though - hot military dude set against a backdrop of intense sky and ruins (all in sepia) totally works for me.

"You're trying to provoke a fight with me so that you can legally turn me away." He clenched his fists, and he made a show of struggling with what he wanted to do and what he'd promised to do. "I really, really want to give you that fight, too, but I have to see Sasha and it can't wait."
