"Wild Law: A Manifesto for Earth Justice" is a call for the
next evolution of modern civilization. Some criticism of
this book has centered on the practical application of what
this book calls for - I didn't read it as a manifesto of
practical change, but instead as a manifesto of
philosophical change. Humans, whether we want to admit
to it or not, are an integral part of the world's ecosystem;
we cannot disconnect ourselves from it through scripture
or cybernetics no matter what we do.
