glers abandon most of their fishing endeavors in favor of the pennant races and other passive activities. They have quietly slipped into the hot weather doldrums and think that our finny friends have done the same. They are right to an extent, since the low and warm water with its abundance of aquatic plant growth doesn't exactly make ideal fishing conditions. But with some selective angling [Second Life Forums Archive - Discussion: LSL quine](#) Typos are forgiven; desecrating the english language with reckless abandon and necrophilic acts is not. The function is working perfectly fine. It's just not working the way you wanted it to work.
